E. Approval of Report on the Disposal of Surplus Property Pursuant to N.C.G.S.160A-226(a)

BACKGROUND

On June 15, 1998, the Board of Commissioners adopted a resolution found in the statutes allowing disposal of County "personal property, worth less than \$5,000 per item or group of similar items, which have become obsolete, unusable, economically unrepairable, or otherwise surplus to the needs of the county." On October 6, 2008 the Board raised this limit to \$30,000. The approval allows the Assistant County Manager to authorize the disposal.

Please find attached a list of miscellaneous items from various County departments or agencies that met the above criteria and that have been disposed of. As a practice, items from facilities are taken to the Ann Street Landfill for disposal as appropriate. Vehicles, equipment, or tools are placed on GovDeals for auction. Revenues from GovDeals sales are placed in an account and used to offset the cost of replacing County vehicles.

RECOMMENDATION / PROPOSED ACTION

Approval of the attached report, so that the report may be duly recorded in the official minutes, and the disposal of the items indicated on the report.

Total Amount: \$1,144.90

Department: Sheriff's Office

RECOMMENDATION / PROPOSED ACTION

Approve Budget Ordinance Amendments and Accept the Awards

- I. Approval of Cumberland County Board of Commissioners Agenda Session Items
- 1. Request to Waive Out-of-County Library Card Fees for Cumberland County Employees to Support the Cumberland County READS Initiative

BACKGROUND

The Cumberland County Public Library is requesting approval from the Board of Commissioners to waive out of County Library Card Fees for Cumberland County Employees to implement the new CC READS initiative. CC READS is an initiative put forward by the library to ensure that all county employees have access to our physical and electronic library resources.

If approved, the library would work with other county departments to implement the practice of issuing a library card as part of the county onboarding process. The library would also work with departments so that existing staff members could be issued a library card with their Cumberland County ID badge. The library would host on site library card drives at employee locations throughout the county to promote awareness of services and of CC READS.

The idea developed in a discussion of how the library could work to support the County's strategic initiatives of recruitment and retention, as well as increased communication and collaboration between departments. Our library has a robust offering of services that can help strengthen and develop our work force from the knowledge found in Brainfuse JobNow, HelpNow, VetNow and Adult Learning Center that provide free online skills assistance, resume writing classes, and live interview coaching to specialized resources such as the Criminal Justice Database that are to assist employees working in criminal justice, law enforcement and related fields; the library system has many professional development resources for our county staff.

Approval to waive Library card fees for Cumberland County employees in support of the CC Reads initiative.

2. Renewal of North Carolina Non-Congregate Sheltering Memorandum of Agreement

BACKGROUND

Cumberland County participates in the non-congregate sheltering (NCS) program, sponsored by North Carolina Emergency Management. The program is a collaborative effort between the State, Counties, and local partners to secure hotel and motel rooms (or other suitable shelter locations), as well as essential wrap-around services, for an individual with no other safe place to quarantine, isolate, or social distance due to COVID-19. This program must be explicitly used for COVID-19 and cannot be used as a primary form of shelter for weather-related disasters or events unless a federally declared disaster is in place. In conjunction with local non- profits and Faith-based organizations, Cumberland County has sheltered and provided meals for over 70 citizens and provided transportation to the non-congregate shelter and testing for 35 citizens of Cumberland County. 92% of services have been provided to our at-risk population who have been exposed, need quarantine, or have a qualifying medical condition.

RECOMMENDATION / PROPOSED ACTION

At the February 10, 2022 Agenda Session the Board approved moving the following action to the February 21, 2022 Board of Commissioners' Regular Meeting as a Consent Agenda Item:

Renew the Memorandum of Agreement (MOA) with North Carolina Emergency Management for expedited reimbursement for Non-Congregate COVID-19 sheltering and wrap around services.

3. Contract for Professional Auditing Services

BACKGROUND

A Request for Proposals (RFP) for professional auditing services was last issued during fiscal year 2020. The audit firm selected as a result of that RFP recently made a decision to no longer contract

for audit services with North Carolina counties after they received findings resulting in a need for them to re-issue single audit reports for their contracted counties across the state. They determined the audit requirements related to single audit procedures pose a risk that significantly outweighs the economic benefit of performing North Carolina County audits and resigned.

As a result, finance staff recently conducted an RFP for professional auditing services. A total of three proposals were received. The proposals were reviewed in two phases based on a requirement of the RFP for each firm to submit two separately sealed packets. The firm's educational and technical qualifications were detailed in packet one. The firm's audit approach and proposed cost were detailed in packet two. Based on a review of packet one, the review team determined that two proposals met the educational and technical qualifications. The review team then considered the second packet, reviewed and ranked the two firms based on audit approach and cost. The top two firms were interviewed, followed by the final ranking.

Cherry Bekaert LLP meets the best overall expectation of educational and technical audit experience, and they also provided the best audit approach. Cherry Bekaert LLP is a nationwide audit firm with contracts to provide audit services to local governments across North Carolina, including large counties. They have significant depth as well as relative expertise this county could benefit from. They have a large governmental audit team, focused exclusively on providing governmental audit services. In addition, Cherry Bekaert provides multiple free Continuing Professional Education (CPE) training opportunities during the year. These trainings allow for a portion of required classes needed for staff to maintain certification status to be provided at no cost. The Senior Manager assigned to the County's engagement works out of the Fayetteville office.

Neither firm responded to the option to sub-contract a portion of the audit work to a local minority firm and Cherry Bekaert did not provide the lowest overall cost. However, staff have researched the proposed cost in comparison to other North Carolina Counties similar in size to Cumberland and found costs to be similar.

Cherry Bekaert's overall proposed cost by fiscal year totals: FY2022 \$140,600; FY2023 \$146,700; FY2024 \$153,300. This total annual cost is inclusive of auditing and report preparation for the Primary Government Unit of Cumberland County including, the Cumberland County Tourism Development Authority, and Fayetteville-Cumberland Economic Development Corporation. The proposed Primary Unit audit fee includes the single audit of nine major programs. If the count of major programs increases above nine, an additional \$4,500 surcharge per program through an amended contract would result. As a point of reference, the FY2021 audit contained eight major programs. The bid recommendation, bid score sheet, cost summary bid tab, and the Local Government Commission's FY2022 standard contract to audit accounts is attached.

RECOMMENDATION / PROPOSED ACTION

Approval of 22-12-CTY Professional Audit Services bid award to Cherry Bekaert for fiscal years ending 2022, 2023, and 2024; and approval for the Board Chairman, the Chairperson of the Audit Committee, and staff to execute the FY2022 audit contract with Cherry Bekaert totaling \$140,600.

4. Re-Issue of Fiscal Year 2021 Annual Comprehensive Financial Report

BACKGROUND

During the February 10, 2022 Agenda Session meeting, the finance director provided an update regarding the need to re-issue the fiscal year 2021 Annual Comprehensive Financial Report (ACFR). After the report was presented to the Board of Commissioners in December, an error was found on the calculation of Net Investment in Capital Assets (page D-2, Statement of Net Position). That amount was understated, resulted in an overstatement of unrestricted net position. The error was caused by a formula issue within the excel spreadsheet used to produce the statement. The amounts found on page D-2 are repeated on pages C-6 and S-1.

The Elliott Davis PLLC audit team made the schedule corrections and updated the dates of their Independent Auditor's Report on pages B-3 and U-2. The also added a note disclosure on page F-62 describing the reason for re-issue. The updated FY2021 ACFR is now posted to the County's website.

The changes made within the revised ACFR do not impact any of the information presented by the Finance Director and Elliott Davis PLLC during the December Board of Commissioner meetings. The audit opinion has not changed and there was no impact to the general fund financial statements. New ACFR books will be distributed by the end of February. There was no additional cost incurred to re-issue the report.

RECOMMENDATION / PROPOSED ACTION

Accept the audited Annual Comprehensive Financial Report for the fiscal year ended June 30, 2021.

5. Formal Bid Award for Headquarters Library Boiler Replacement

BACKGROUND

On December 17, 2021, the County solicited bids for the Headquarters Library Boiler replacement. The bid period closed on January 28, 2022 with two respondents: Haire Plumbing and Mechanical Company, Incorporated, and Bass Air Conditioning Company, Inc.

The lowest responsive and responsible bid was Haire Plumbing and Mechanical Company, Incorporated, at \$131K. The validity, limitation, and classification of the apparent low bidder's NC general contractors license have been verified with the NC Licensing Board for General Contractors.

This project was approved for funding as a Fiscal Year 22 capital improvement project at \$150K.

RECOMMENDATION / PROPOSED ACTION

This item was presented at the February 10, 2022 Board of Commissioners Agenda Session and forwarded as a Consent Item.

- Approval of bid award for the Headquarters Library Boiler Replacement to Haire Plumbing and Mechanical Company, Incorporated, based on the lowest responsive, responsible bid and authorize the Chairman to execute the agreement once the contract has been approved for legal sufficiency.
- Authorize the County Manager to approve all change orders.
- 6. Proposal For Engineering Services for Emergency Watershed Protection (EWP) Project

BACKGROUND

The Emergency Watershed Protection (EWP) Program is a recovery effort aimed at relieving imminent hazards to life and property caused by natural disasters. EWP addresses watershed impairments such as: debris clogged waterways, unstable streambanks, and severe erosion jeopardizing public infrastructure. Due to the impacts of Hurricane Florence, Cumberland County will be using EWP Funding to help mitigate some of these watershed impairments.

EWP is designed for installation of recovery measures to safeguard life and property as a result of a natural disaster. Threats that the EWP Program addresses are termed watershed impairments. These include but are not limited to: debris-clogged waterways, unstable streambanks, severe erosion jeopardizing public infrastructure, wind-borne debris removal, and damaged upland sites stripped of protective vegetation by fire or drought.

The County has selected the Wooten Company from the County's Qualifications Based Selection List to provided management, consulting and engineering services.

The Wooten Company's fee for these services are billed on an hourly schedule with the costs not-to-exceed \$247,500.

The County has secured funding for this project in the amount of \$2.023M with the breakdown being \$1.168M in federal and \$855K in state funding.

RECOMMENDATION / PROPOSED ACTION

This item was presented at the February 10, 2022, Board of Commissioners Agenda Session and forwarded as a Consent Item.

Approval of proposal from the Wooten Company based on the Qualifications Based Selection List with the approved amount not-to-exceed \$247,500 and authorize the Chairman to execute the agreement once the contract has been approved for legal sufficiency.

7. Approval of Incentives Agreement for DANSONS LLC (Project BBQ)

BACKGROUND

After a public hearing August 3, 2020, the Board approved offering economic development incentives proposed by the county manager to a company identified only as "Project BBQ." That company is Dansons LLC. It has already commenced business operations in the county. The project was advertised and presented the project as creating 118 full time jobs by 2024 with a comprehensive benefits package and an investment of

\$10 million in real property improvements and equipment over five years.

This is being brought back to the Board for consideration because the terms of the proposed project have changed as reflected in the attached incentives agreement. The new terms are that the company is obligated to only keep 106 of the jobs created through August 3, 2025, and the incentive grant will be prorated for any jobs less than 106 and investment less than \$10 million. The employee benefits are the minimum health insurance coverage required to make the company eligible for state tax credits.

RECOMMENDATION / PROPOSED ACTION

The county attorney recommends the Board to approve the attached incentives agreement if it accepted the changes in the company's obligations. The Board unanimously approved moving this item forward to the February 21, 2022, Agenda as a consent item.

8. Closure of H. Geddie Ave. and a Portion of E. Holmes St.

BACKGROUND

N.C.G.S. 153A-241 authorizes boards of county commissioners to close public rights of way or easements within the county at the request of adjoining landowners when the rights of way or easements are not within any municipality, are not maintained by the Department of Transportation, all adjoining landowners are noticed or have submitted a petition requesting it, and no individual owning property in the vicinity of the road or the subdivision in which it is located would be deprived of reasonable means of ingress and egress to his or her property. The county attorney has examined the documents included with the attached resolution of intent to close the described public rights or way or easements and has determined that all the statutory conditions would be satisfied by this closure.

The statue requires the board to advertise its intent to make the closure for three consecutive weeks before a public hearing at which any interested persons may appear with respect to whether the closing would be detrimental to the public interest or to any individual property rights. After the public hearing, if the board is satisfied that the closure is not contrary to the public interest and that no individual owning property in the vicinity of the road or in the subdivision in which it is located will be deprived of reasonable means of ingress and egress to his or her property, the board may adopt an order closing the right of way, easement, or road.

RECOMMENDATION / PROPOSED ACTION

County attorney recommends the board adopt the attached resolution of its intent to make this closure and setting a public hearing on this matter for March 21, 2022. At the February 10, 2022, the Board unanimously approved moving this item forward to the February 21, 2022, Agenda as a consent item.
